VFX FOR FILM & TELEVISION | DIPLOMA 2017

Company: DNEG

Job Title: Compositing Assist

"The instructors at LaSalle College Vancouver were very inspiring and knowledgeable and helped push and challenge me to get to a level of knowledge that would be a great starting point for everything I was going to learn in the professional VFX studios. In the end, my demo reel helped me get my first job in the Compositing Department within a few months of graduating. Advice I would give to new VFX artists and compositors is to be in the mindset of never stop learning and ask a lot of questions. The industry is constantly evolving and growing, and even the most experienced compositors have to continuously learn new skills, tools, and updates."
